Future Analysis

- Confirm the half-life of ^{140}Sb .
- Assign the 2^+ and 4^+ state.
- Assign the β -branching ratio of ^{140}Te , ^{139}Te , and ^{138}Te .
- Announcement : There will be a seminar about EURICA CAMPAIGN at Ewha Womans University on 20th of July. Invited speaker : P.-A. Söderström from RIBF, RIKEN.
